

# Did you get the memo?

PLUS has created a new way to memo! The Clean Writing Pad Kaite is a rewritable memo board with a silky-smooth writing surface. Thanks to its proprietary magnetic technology, the Kaite Pad also offers full or partial erasing capabilities. It is an environmentally friendly solution that can be used again and again!

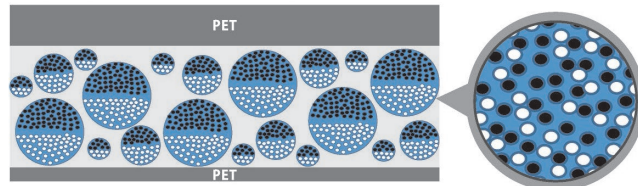

- Eco-Friendly
- No Batteries Necessary
- Dust Free
- Natural Writing Feel
- No Markers Necessary

PLUS original technology elevated the "Magnetic Sheet" to the level of a paper-like experience.

## High precision "Magnetic Sheet"

Iron particles contained in tiny **micro capsules** are attracted by the pencil's tiny magnetic tip, creating a clear and natural writing experience.

### Clean, Green and Sustainable

# Clean Writing Pad Kaite

An environmentally friendly tool that requires no consumables, such as paper, ink or batteries. Simply grab your Kaite Clean Writing Pad and write, sketch or work away!

Eco-Friendly

No Batteries Necessary

Dust Free

Natural Writing Feel

No Markers Necessary

## Environmentally Friendly with No Running Costs

The Clean Writing Pad Kaite is an environmentally friendly and economical tool, as it does not consume items like paper, ink, lead or batteries.

## Clean and Dust-Free Surface

Because no ink or lead is used, no dust, smudges or eraser residue is produced. You can feel comfortable using the pad in a home, office, hospital, restaurant, or anywhere where cleanliness is a priority.

## Great for :

Unleash your creativity with a Clean Writing Pad Kaite. You no longer have to worry about wasting supplies...simply write, erase, repeat!

### Business

- Sketch Ideas
- Organize Thoughts
- List To-Do's
- Draw Charts

### Education

- Create Sketches
- Practice Calculations

### Home

- Write Memos
- Leave Messages

## Natural Writing Feel

The unique **Magnetic "Pencil"** is designed to deliver a silky smooth, natural writing feel.

Like a standard lead pencil, the Kaite "pencil" creates sharp lines in a light gray color.

### Magnetic "Pencil"

Double sided pencil offers two line widths.

Medium Tip  
0.8mm

Bold Tip  
1.2mm

### "Angled-tip design"

Proper position

To write clearly with the pencil, the magnetic tip needs to be placed directly onto the writing surface. An "angled-tip design" eases the pencil positioning and facilitates the writing process.

## 2-Way Erasing with Ease

Two types of **Magnetic Erasers** can be used to erase large or small areas on the pad.

### Handheld Eraser

Handheld eraser clears the entire surface with ease.

### Cap Eraser

The cap eraser can be used for spot erasing.

## Paper-Like Design

A flat, **3mm thickness** provides a paper-like experience. This compact design, along with the attachable eraser and pencil, allows the pad to be extremely portable.

### Handheld Eraser

### Magnetic "Pencil"

### Hanger Holes for Strap
