| <b>Engineering Change Notice</b>  |   | #: DST-10052E<br>Date: 5 Mar 2015<br>Approved by: I. Watanabe–Quality Assurance<br>Issued by: Tak Inoue – International Sales |  |
| <b>Product</b>  | Copyboard   | <b>Model</b>  | N-20 Series (N-20S/W/J, C-20S/W, N-204, NF-20) |
| <b>Change</b>   | Firmware upgrade  |   |  |
| <b>Reasons</b>  | To enhance HP PCL3 GUI printer compatibility                              |   |  |
| <b>Schedule</b>   | From March 2015 production/shipment                                       |   |  |
| <b>Methods</b>  | Running change for production and release of new firmware on the web page |   |  |
| <p><b>[Details of the change]</b></p> <p>We have enhanced the compatibility with HP PCL3GUI printers. By this enhancement, more HP PCL3GUI printers can work with N20 series copyboards. “Blue” print color reproduction improvement is included in this enhancement, too. Blue color was printed as more purple in the previous firmware when the scanned image was printed by HP printers connected to the copyboards.</p> <p>New firmware is installed from March 2015 production.<br/>Starting serial number will be informed later.</p> <p>From this firmware following printers are officially announced as compatible:</p> <p>HP Deskjet 1010/2540<br/>Brother HL-2360DN</p> <p>New firmware will be posted in the following sites.</p> <p><b>*Our webpage:</b> <a href="http://www.plus-vision.com/en/support/download/update.html">http://www.plus-vision.com/en/support/download/update.html</a><br/> <b>*Contents server:</b> <a href="https://www.plus-vision.co.jp/dx/ns/plus/">https://www.plus-vision.co.jp/dx/ns/plus/</a> can be entered with your ID and password.</p> <p>Caution: Firmware is different among series. Use the correct one.</p> |   |   |  |
